Ämne: For your review - direct notice recipients in Sweden

Hello again,

Per your request on our online participation survey, attached please find the list of direct notice recipients in Sweden that we currently have in our database. If you would like a particular recipient removed because you are certain the individual or company is within your membership and will be receiving the notice directly from you, please highlight all such rows and we will not send them the notice. (Please note that we think duplication is fine - even encouraged - from a notice perspective, but we just don't want to be communicating with your members if you think it will be confusing.) We will be sending these notices out by email and postal mail next Wednesday, February 4th, so please let us know of any recipients to remove before then or let me know if you need more time.

Thank you very much, Belinda
